2026 Spring Recital Season

Encore's spring recitals were a great success! We enjoyed listening to each and every one of our talented, bright musicians. The season came to a close with our annual Senior Concert, which was a bittersweet moment of celebration, and a beautiful night of music.

If you have any photos and/or videos of the spring recitals that you would like to share with us, please send them to us via email at info@encoremusicacademy.net. We'd love to see them!

Summer Private Lessons

As we near the end of the academic year, it is time to begin thinking about your summer schedules and, specifically, summer lessons. Studying a musical instrument is an invaluable skill that students spend a great deal of time developing. And you, as the parent, help support that commitment and growth in many ways, including financially. In general, for every month that a student pauses/stops lessons, it takes roughly 4-6 weeks to get back to the point they were before the break. This means time and money spent re-learning previously learned skills. Summer is also an excellent opportunity to try your hand at a new instrument! With our summer lesson packages, your child can have the opportunity to try another instrument, such as guitar, voice, violin, as well as many other options!

We always recommend that students maintain their normal lesson schedule during

the summer, whenever possible. However, we at Encore realize that does not work for all students, so we encourage all students to take a minimum of one lesson per month in the summer. This helps reduce the student's stress and frustration in the fall at having to backtrack and go over old material, as well as protecting your financial investment in their musical education.

Call us at 508-533-7700 with the number of lessons and dates and times you would like, to ensure you get your spot, as registration is first-come, first-served.

Thank you all for your understanding!
